Child Health
Corporation of America

To be considered for any upcoming product category bids, suppliers must first contact Premier, our primary contracting entity. Per the guidelines outlined on our website "Contracting with Us", you must first be denied from Premier, prior to being considered with CHCA. Following contact with Premier, if you access the CHCA Policies and Procedures for Prospective and Contracted Vendors, there are step-by-step instructions to guide you through the process. In addition, you will also find a product introduction form which must be completed before we can review any opportunity. Please review our website for further details of our requirements.
